

GO WILD!

GET AN EDUCATORS' KIT!

The Go Wild with Wisconsin Wildcards! Educators' Kit is filled with enough ideas and Wisconsin Wildcards to keep kids in grades 3 - 8 busy for hours! It contains:

- An educators' guide with lesson plans for use in more formal settings (23 activities) along with card games, magic tricks, card stunts, and puzzles (19 things to do).
- One large deck of Wildcards plus three smaller decks – that's enough cards to do everything in the kit!

WHO CAN USE THE KIT?

Anyone can enjoy Wildcards, but the educators' kit is for naturalists, teachers, youth leaders, and resource specialists around the state. Use the cards with the activities and games to help Wisconsin residents and visitors learn about the diversity and vulnerability of Wisconsin's natural resources.
