

GOVERNOR THOMPSON STATE PARK MAP & TRAILS

HIKING AND BIKING TRAILS AT GOVERNOR THOMPSON STATE PARK

Governor Thompson State Park has more than 16 miles of hiking and biking trails. Many trails intertwine to create unique hiking experiences for hikers and bikers of any ability. Trails highlight the natural beauty of the park by leading to unexpected rock formations and scenic outlooks.

- **Flowage Trail (1.9 miles):** This rustic one-way trail begins at Boat Landing #13. The trail passes beautiful Huber Lake and ends at Caldron Falls Road. Enjoy looking for wildlife and solitude.
- **Forest View Trail (3.5 miles):** This one-way trail begins at Woods Lake. The trail intersects with many other trails, creating a diverse hiking experience. Excellent views of granite rock outcroppings, creeks and towering pines. Hikers trek through the diverse habitat that supports a variety of plants and wildlife.
- **Granite Path Trail (2.1 miles):** Beginning at Woods Lake, this trail makes for a fun hike into the woods. Enjoy views of colossal rock outcroppings, mixed forest and natural beauty.
- **Hills Trail (1 mile):** This loop links off the western side of Flowage Trail and offers a connection to Starlight Trail through steep hills of aspen and hemlock lowlands.
- **Nighthawk Trail (0.6 miles):** One of the park's newest trails, Nighthawk Trail connects Boat Landing #13 to Fabian Lane. This one-way trail is open to hiking and biking.
- **North Trail (1.5 miles):** This unique trail leads into dense woods. The trail crosses over wooden foot bridges and offers diverse flora and fauna. This area is an excellent habitat for ruffed grouse.
- **Otter Trail (1 mile):** Beginning at Woods Lake Picnic Area, Otter Trail is one of the park's most popular trails. Highlights of this trail include the mystic red pine plantation, spectacular summer flower display and breathtaking views of Woods Lake.
- **Pine View Trail (1 mile):** Beginning near Woods Lake, Pine View Trail has excellent views of quiet streams, towering cathedral pines and the fire tower.
- **Ranch Road Trail:** This trail connects Paust Lane to Granite Path. The trail runs parallel to Ranch Road and follows a stand of aspen and oak trees into a mixed forest.
- **South Bay Trail (0.3 miles):** This trail links the campground to Boat Landing #13 Road and Fabian Lane on the northeastern boundary of the park. Bikes are allowed on this trail that connects to Nighthawk Trail to create a family-friendly loop.
- **Starlight Trail (1.3 miles):** This trail branches off the Hills Trail and leads to Ranch Road. Starlight Trail goes through wetlands and mixed forest. This trail is great for hiking and wildlife watching.
- **Sunset Trail (1.4 miles):** Starting off of the Flowage Trail, this hike takes difficulty up a notch. Edging the hill along Huber Lake, up to an outlook with stunning views of Thunder Mountain. This trail also meanders through granite rock formations.
- **Thunder Mountain Trail (2 miles):** Starting off Paust Lane, this trail climbs through wooded hills. Explore dense forest, prairie and the path less traveled. Keep and eye out for bobcat and black bear.
- **Whippoorwill Trail (1.7 miles):** Beginning behind the Visitor Center, Whippoorwill Trail connects to other trails, creating a large diverse loop. Travel through a mix of northern hardwoods, aspen and forested wetlands.

WINTER TRAILS AT GOVERNOR THOMPSON STATE PARK

- The ski trail (brown) is open to skiers only. This is a five-mile trail with two loops and a shortcut trail that is tracked for diagonal skiers and groomed for skate skiers.
- There is a 2.5-mile loop (gray) for snowshoers. This trail is packed flat and offers great scenic views. In addition, the 10 miles of ungroomed trails in the park are also open for snowshoeing.
- The Otter loop (purple) is a one-mile, multi-purpose trail. The trail is groomed flat for skaters, hikers, snowshoeing and pets.
